

Poetry, poetry is for all
Never too small, never too tall,
Write for all,
Poetry is for the love of all,
Not just for me, but for you,
It lives in the heart not the brain
In a class, in a home,
It never matters, no matter where,
A boy, a girl, a woman, a man, a cat, a
dog,
Write for you,
Not for me.
Love them all,
No matter the size,
Be anonymous, be known,
Take caution, or not,
Have an adventure or be realistic,
Have it loud or proud,
Make a miracle or leap through a pasture,
Have help and try
Or by yourself like a pro,
Have fun because its a poem.
